

What is the value of PPI?

Julia Fountain

POLL

Question 3

What percentage of the adult population in Brighton and Hove have never used the internet or have not used it within the last three months?

We all get involved in PPI in research for different reasons. Many of us want to make sense of the challenges life has thrown at us and many of us want to see a difference and give hope to people going through the same struggles in getting help and support that we might have gone through.

“...interact and learn...”

“...something to contribute...”

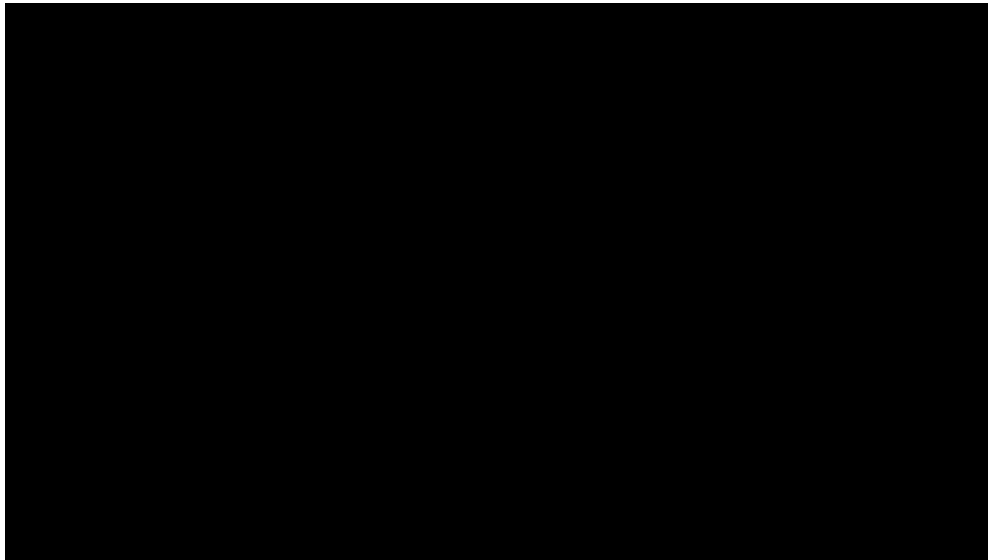

“...put across my experience...”

“...helping other people...”

“... lived experiences, inform the research...”
