Pre Sponsorship Review Panel (PSRP)

What is it?

The PSRP is a newly formed multidisciplinary panel that will work in collaboration with researchers to advise and support the development of high-quality sponsorship applications prior to submission to the [HRA](#).

The Sponsoring Partners are: University of Sussex, University of Brighton, Sussex Partnership NHS Foundation Trust, Brighton and Sussex University Hospitals NHS Trust.

What is Sponsorship?

A sponsor is an organisation that takes on overall responsibility for effective arrangements being in place to set up, run and report on a research project. All Health and Social Care research must have a Sponsor In place.

They assess the risk to patient safety and wellbeing, ensure the proposal is scientifically sound and is of a high quality to be submitted to the HRA amongst a number of other requirements.

When do you need PSRP review?

If you are a researcher who is seeking Sponsorship from one of the partner organisations and are conducting research that requires ethics/HRA review. This includes patients, their tissues or data, or involves NHS staff and some social care settings.

Prior to applying for regulatory approvals, you must obtain Sponsorship approval. This panel forms the first part of the Sponsorship approval process.

What does the PSRP review?

The main focus of the panel is to provide feedback on the quality and safety aspects of the IRAS application to meet the Sponsors requirements.

The panel will review the protocol, draft IRAS application, Participant Information Sheet, Consent form and any other participant facing documents i.e. study advertisements.

What do you need to do?

You will need to send the list of documents required to psrp@sussex.ac.uk at least 10 days before the planned panel meeting.

You will be invited to attend the panel meeting to discuss your project and answer any questions.
